INDEPENDENT AUDITOR'S REPORT

Richard L. Sandow  
President  
SOUTHLAKE CAPITAL, LLC.  
1360 Woodbrook Lane  
Southlake, Texas 76092

I have audited the accompanying statement of financial condition of Southlake Capital, LLC., (the Company) as of March 31, 2002, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southlake Capital, LLC., as of March 31, 2002, and the results of its operations and its cash flows for the year then ended, in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedules listed on the contents page is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

March 31, 2002

1. Summary of significant accounting policies

This summary of significant accounting policies of SOUTHLAKE CAPITAL, LLC., (the Company), is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and will be applied on a basis consistent with that of the preceding year.

History and business activity

The Company was organized on November 15, 1995; and began operations later that month. The Company has not yet been authorized to initiate transactions for customers on any of the national or local securities exchanges and is restricted to sales of mutual funds shares.

Depreciation and amortization

Depreciation of property and equipment is provided on the straight-line method over estimated useful lives of five years.

Organization costs and Corporate Goodwill will be amortized over the next 10 years utilizing the straight-line method.

### Method of accounting

The Company records all commission income and expenses on the settlement date basis, which is generally the fifth business day following the transaction date.

### 2. Commitments and contingencies

The Company had no long term commitments or contingencies as of March 31, 2002.

### 3. Net capital requirements

The Company is subject to the Securities and Exchange Commission uniform net capital rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

The Company's net capital, net capital requirements and net capital ratio are summarized as follows:

Net capital	\$ 181,632
Aggregate indebtedness	\$ 0
Net capital requirements	\$ 100,000
Net capital ratio	1.8 to 1

UNDER RULE 15c3-3

March 31, 2002

The Company is exempt from Rule 15c3-3 under provision (K)(2)(B), in that all customer transactions will be cleared through another firm on a fully disclosed basis. The name of the clearing firm will be provided when the company is authorized to trade in listed securities.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL

ACCOUNTING CONTROLS REQUIRED BY SEC RULE 17a-5

Richard L. Sandow  
President  
SOUTHLAKE CAPITAL, LLC.  
1360 Woodbrook Lane  
Southlake, Texas 76092

I have examined the financial statements of SOUTHLAKE CAPITAL, LLC., (the Company), as of March 31, 2002, and have issued my report thereon dated May 29, 2002. As part of my examination, I have reviewed and tested the Company's system of internal accounting controls to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by the Company that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11). My review did not encompass the procedures for safeguarding securities, or the practices and procedures employed quarterly in counting or accounting for securities and resolving securities differences in complying with the requirement for the prompt payment for securities as required by Section 4(c) of Regulation T of the Board of Governors of the Federal Reserve System and maintaining physical possession or control of all fully paid securities of customers as required by Rule 15c3-3, and in maintaining a reserve bank account as required by Rule 15c3-3 of the Securities and Exchange Commission, since the Company is a fully disclosed broker-dealer and does not carry customer accounts.

The management of the Company is responsible for establishing and maintaining a system of internal accounting controls and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether these practices and procedures can be expected to achieve the Commission's above mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitation in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

In my opinion, the system of internal accounting controls of SOUTHLAKE CAPITAL, LLC., in effect at March 31, 2002, taken as a whole, was sufficient to meet the objectives stated above insofar as those objectives pertain to the prevention or detection of errors or irregularities in amounts that would be material in relation to the financial statements.

My study and evaluation of the system of internal controls did not reveal any material weaknesses or inadequacies requiring telegraphic notice within twenty-four hours as prescribed by Rule 17a-11. The existing compensating controls would, in my opinion, prevent or detect any material irregularities arising in a normal course of business in a timely fashion. The duties of posting General Ledger and other journal transactions are segregated from bank statement reconciliation, custody over cash or securities, and similar functions. A senior officer reviews all transactions on a daily basis. The in-house micro-computer based accounting system is adequate to accommodate the current volume of transactions and preparation of the monthly financial statements.

This report is intended solely for the use of management, the National Association of Securities Dealers and the Securities and Exchange Commission and should not be used for any other purpose.
